

I. Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1. (Original) A flexible isocyanate-based polymeric foam which has:
 - (i) low resiliency;
 - (ii) a T_g less than or equal to about 0°C ; and
 - (iii) a change in $\tan \delta$ less than or equal to about 35% from a median value measured over a temperature range of from about -20° to about $+60^{\circ}\text{C}$.
2. (Original) The isocyanate-based foam defined in claim 1, wherein the T_g is less than about -10°C .
3. (Original) The isocyanate-based foam defined in claim 1, wherein the T_g is in the range of from about -15° to about -40°C .

4. (Original) The isocyanate-based foam defined in claim 1, wherein Tg is in the range of from about -15° to about -37°C.

5. (Original) The isocyanate-based foam defined in claim 1, wherein the Tg is in the range of from about -20° to about -30°C.

6. (Original) The isocyanate-based foam defined in claim 1, wherein the change in $\tan \delta$ is less than or equal to about 20% from a median value.

7. (Original) The isocyanate-based foam defined in claim 1, wherein the change in $\tan \delta$ is in the range of from about 10% to about 15% from a median value.

8. (Original) The isocyanate-based foam defined in claim 1, wherein the change in $\tan \delta$ from the median value is measured over a temperature range of from about -20° to +80°C.

9. (Original) The isocyanate-based foam defined in claim 1, wherein the change in $\tan \delta$ from the median value is measured over a temperature range of from about -30° to $+100^{\circ}\text{C}$.

10. (Original) The isocyanate-based foam defined in claim 1, wherein the foam is derived from a reaction mixture comprising:

urethane-forming chemicals;

water; and

a plasticizer selected from the group comprising:
a halogenated paraffin, a (C_2 / C_4) aliphatic polymer comprising a primary hydroxyl group, and mixtures thereof.

Claim 11 (Cancelled)

12. (Original) A vehicular interior trim panel comprising the polyurethane foam defined in claim 1.

Claims 13-28 (Cancelled)
